

The International Neuroendocrine Federation is delighted to announce their endorsement of a new open access publication, "Endocrinology, Diabetes & Metabolism Case Reports" <<http://www.edmcasereports.com>> .

Member of constituent societies and groups of the International Neuroendocrine Federation are eligible for a 20% discount off the open access fee when publishing in EDM Case Reports. To publish your case report, submit online via [www.edmcasereports.com](http://www.edmcasereports.com) using the easy-to-use article template.

Endocrinology, Diabetes & Metabolism Case Reports is a unique, open access resource that publishes and links together case reports, enabling practitioners to communicate findings, share knowledge and convey medical experiences efficiently and effectively. The search and browse functionality enables fluid navigation between case reports, facilitating discovery, connections and comparisons; making it the go-to resource across all the many disciplines intersecting with endocrinology, diabetes and metabolism.
